

TILLMAN®

1250 | Premium Split Cowhide Stick Welding Glove

SPECIFICATION SHEET

Description

The Tillman 1250 Split Cowhide Welding Glove is the most popular glove for industrial stick welding applications. The 1250 is great for withstanding the high heat from stick welding applications.

Made of durable Split Cowhide, the 1250 resists stiffening, and maintains the soft feeling in hot environments while protecting hands. The welted fingers contain an extra leather layer between fingers for added spark resistance and durability.

A reinforced thumb gives you the great gripping power needed for heavy-duty welding. A foam lined back provides additional protection from heat and flame protection while providing the dexterity needed.

Features

- Premium Split Cowhide stays soft even when hot.
- 14" length.
- Durable Welted fingers protect stitching.
- Reinforced thumb for added strength.
- Cotton/foam lined back for added heat protection, unlined palm for enhanced dexterity.
- Sewn with DuPont™ Kevlar® for added strength
- Sizes: S, M, L, XL, 2X

Technical Specifications

Glove Material: Premium Split Cowhide
Cuff Material: Split Cowhide
Lining: Foam & Cotton
Stitching: DuPont™ Kevlar®
Closure: Straight cuff

Applications

- Construction sites
- Wind energy
- Utility crews
- Fabrication
- Steel Mills
- Oil & Gas
- Oil pipelines
- Demolition & salvage
- Shipyards
- Manufacturing
