

TILLMAN®

1332 Premium Top Grain Goatskin TIG Welding Glove With ANSI A6 Cut Resistance

SPECIFICATION SHEET

Description

The 1332 is the latest addition to Tillman's legendary line of TIG gloves.

TIG welders need an exceptional touch and feel. The Tillman's 1332 TIG glove is designed so that Touch, feel, comfort and dexterity is emphasized with ANSI A6 cut resistance. We started with incredibly soft and supple goat skin that delivers a great sense of touch and feel.

The palm, fingers, back of hand and the cuff are lined with a Para Aramid lining for ANSI A6 cut resistance. A glide patch provides heat relief on the side of the palm and protects the side of glove when resting on a welding table or hot metal.

Features

- Premium Top grain pearl Goatskin.
- ANSI A6 cut resistance, Level 3 puncture and Level 3 abrasion protection.
- Cut resistant lining in the finger, palm, back of hand and cuff.
- Cinched wrist for a snug fit
- The seam is sewn on the inner wrist as to not catch on a welding table
- Reinforced thumb for added durability in this high wear area.
- Straight thumb for a natural feel on the TIG torch
- 4" cuff for added protection.
- Sizes: S, M, L, XL, 2X, 3X

Technical Specifications

- Glove Material:** Premium, Goatskin
Cuff Material: Split Cowhide
Lining: Para-Aramid
Stitching: Para-Aramid
Closure: Cinched Cuff

Applications

- Construction sites
- Wind energy
- Utility crews
- Fabrication
- Steel Mills
- Oil & Gas
- Oil pipelines
- Demolition & salvage
- Shipyards
- Manufacturing
