

TILLMAN®

495 | Premium Reverse Grain Pigskin Stick Welding Glove

SPECIFICATION SHEET

Description

Most stick welding or SMAW (shielded metal arc welding) is often done in harsh conditions, the Tillman 495 is made for this punishment.

The Tillman 495 stick welding glove is made of durable reverse grain Pigskin, which is naturally resistant to oil and water, and are lock stitched sewn with flame resistant DuPont™ Kevlar® thread for added strength.

At 14" in length, the 495 provides an extra measure of protection for your wrists, and the cotton/foam lining does a great job of protecting against heat.

Features

- Premium heavy duty reverse grain Pigskin.
- Straight thumb for a great grip.
- 14" in length.
- Cotton/Foam insulation for added heat protection.
- Sewn with DuPont™ Kevlar® for added strength.
- Sizes: S, M, L, XL.
