

## SPECIFICATION SHEET

### Foot and Legging Protection -- Model 526

#### Description

Tillman's welding spats provide durable protection to the users feet and lower legs from sparks, spatter and welding debris. The spats are made with rugged premium split cow hide and stitched with flame-resistant Kevlar® thread. These long-wearing spats cover most shoe tops for protection.

#### Features

- Premium side split cowhide.
- Covers the entire shoe or boot with thicker leather that has been specially tanned to be stiffer, making it more resistant to sparks and spatter.
- Offers protection from sudden flame exposure, welding sparks and spatter.
