MARKETING BULLETIN

TILLMAN 1252 PREMIUM SIDE SPLIT COWHIDE STICK GLOVES

Stick Gloves with ANSI A6 Cut Resistance.
The most versatile stick glove you'll ever need.

Overview

There's no better way to design Stick Welding Gloves than to start with the legendary Tillman 1250, one of the top selling Stick Gloves in America. When Tillman was developing the 1252, we wanted the user to have cut resistance, dexterity and comfort. Most importantly, we wanted these gloves to not cause fatigue to the user.

To give the welder the protection they require, the palm, fingers and back of hand are lined with a DuPont™ Kevlar® lining for ANSI A6 cut resistance. The DuPont™ Kevlar® lining has outstanding strength-to-weight ratio, making it difficult for it to be cut or frayed for true protection. The addition of the DuPont™ Kevlar® lining also provides some heat resistance for user comfort.

The 1252 incorporates Tillman's double reinforced thumb for added durability in this key wear area.

The glove is lock stitched with DuPont™ Kevlar® thread for added strength and resistance to heat, spark and spatter. To protect the thread closest to the high heat areas, Tillman integrates the thread into the welted fingers to add life to the glove.

1252 Features

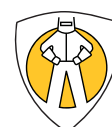

- Made from Tillman's premium side split Cowhide, the 1252 delivers durable protection for the hand.
- DuPont™ Kevlar® lining with ANSI A6 cut resistance.
- A6 cut resistance on the fingers, palm and back of hand.
- 14" stick welding glove.
- Designed to deliver an incredible feel and dexterity to the user.
- Wing thumb for a great grip on the stinger.
- Double reinforced thumb for added strength in this high wear area.
- Sewn with DuPont™ Kevlar® thread to protect seams.
- Sizes: M, L, XL and 2X.

Compliance

The Tillman 1252 glove complies with the American National Standard for Hand Protection, ANSI ISEA 105-2016.

DuPont™ and Kevlar® are trademarks or registered trademarks of E.I. du Pont de Nemours and Company.

MARKETING BULLETIN

TILLMAN 1252 PREMIUM SIDE SPLIT COWHIDE STICK GLOVES

Stick Gloves with ANSI A6 Cut Resistance.
The most versatile stick glove you'll ever need.

Applications

- Structural Steel
- Steel Fabrication
- Wind Energy
- Demolition and Salvage
- Manufacturing
- Farming and Ranch
- Oil & Gas
- Shipyards
- Handling

Availability

- Sizes **M**, **L**, **XL**, and **2X**, are in stock, ready for orders.

Product Replacement

The **1252** replaces the **1080K** Stick Welding Gloves. With the launch of the **1252**, the **1080K** will be available until quantities are depleted.

Packaging Information

- Each pair is individually carded.
 - Minimum Order Quantities:
M, L, XL – 12 pair per size.
2X – 6 pair per size.
- Case Quantity: 48 pairs per size.

- 1 Tillman's premium side split Cowhide stays soft even when hot.
- 2 14" Stick Welding Glove.
- 3 A6 cut resistance on the fingers, palm and back of hand.
- 4 Double reinforced thumb for added strength in this high wear area.
- 5 Wing thumb for best gun grip.
- 6 Thumb strap reinforcement for added strength.

TILLMAN®

1252 Premium Split Cowhide Stick Welding Glove With ANSI A6 Cut Resistance

SPECIFICATION SHEET

Description

The Tillman 1252 side split Cowhide Welding Glove delivers ANSI A6 Cut Resistance and is great for withstanding the high heat from stick welding applications.

A reinforced thumb gives you the great gripping power needed for heavy-duty welding. The DuPont™ Kevlar® back, palm and fingers provides cut resistance and additional protection from heat and flame protection while providing the dexterity needed.

Made of durable split Cowhide, the 1252 resists stiffening, and maintains the soft feeling in hot environments while protecting hands. The welted fingers contain an extra leather layer between fingers for added spark resistance and durability.

Features

- Premium side split Cowhide stays soft even when hot.
- A6 cut resistance on the fingers, palm and back of hand.
- 14" length.
- Wing thumb.
- Durable Welted fingers protect stitching.
- Double reinforced thumb for added strength.
- Sewn with DuPont™ Kevlar® for added strength
- Sizes: M, L, XL and 2X.

Technical Specifications

Glove Material: Premium side split Cowhide
Cuff Material: Split Cowhide
Lining: DuPont™ Kevlar®
Stitching: DuPont™ Kevlar®
Closure: Straight cuff

Applications

- Construction sites
- Wind energy
- Utility crews
- Fabrication
- Steel mills
- Oil & gas
- Oil pipelines
- Demolition & salvage
- Shipyards
- Manufacturing
