

1413 | Fully Featured - Less Expensive

Specification Sheet

Description

The Tillman 1413 is based on our best-selling, top-grain and split Cowhide 1414 glove, adapted to a standard glove. Still the same key features, with a Cowhide palm and split Cowhide back, double stitching on palm around thumb, and index fingers, as well as welted middle fingers, cinched wrist, and keystone thumb. The gloves are unlined, and have a rolled leather cuff. We gave our new drivers the same excellent fit and comfort our users expect, but made our 1413 in a standard cowhide.
